Finish time

2024-11-09 21:04:36

Actual result

When attempting to change the product quantity in the cart to 401, an error message appears. The message content is correct, but it does not follow the required phrasing as specified in the requirements.

The error message should say:

"The available purchase order quantity for this product is 400."

The error message displayed is:

"The available purchase order quantity for this product is 300." - this message is shown in the wrong phrasing as per requirements.

Actual result

Blocked by Bug ID D-4 'Non-logged-in users cannot add products to a temporary wishlist"

This test cannot be executed until Bug ID D-4 is resolved, as option of adding product to wishlist by non-signed-in users, required to complete this test case is currently unavailable.

Step	1
Action	Click on the button in the shape of trash can in the product preview image.
Expected result	A window appears to confirm the execution of the action "The product will be removed from wishlist".
Status	Blocked
Step	2
Action	Click "Remove".
Expected result	A green toast message "Product successfully removed" appears on the screen.
